

Title: Panfish Season

The Problem:

To help protect the panfish population from over harvesting and protect diehard fishing people from drowning, I would like to see a closed season from March 31st to April 30th (or till complete ice out.)

BE IT RESOLVED, that the Conservation Congress at its annual meeting held in Oneida County on April 8, 2013, recommends that the Conservation Congress work with the Department to take action to have a closed season on panfish across the state as stated above.
